

Documentation: Social Charity Pro WordPress Theme

Install **Social Charity Pro** WordPress Theme within a few minutes.

OUR CAUSES

Social Charity Pro is a simple, clean, responsive and user-friendly charity WordPress theme specially designed for charity, NGO, trust, donation camp, foundations or a non-profit organisation. It can be used by those who often organise fundraising events, blood donation camps, welfare activities, campaigns etc. It has all the features which make it a perfect charity wordpress theme but it can be used for multiple purposes

such as to write a blog on charity activities and welfare related things or as a portfolio. It has a fully responsive layout and cross-browser compatibility. The NGO theme is written in clean and secure codes. It is SEO-friendly which makes it rank higher in search engine results. It has a testimonial section where people can express their views on your charity work.

Social Charity Pro documentation: How to start?

This documentation will show you step by step how to complete the basic configuration of **Social Charity**. It is important that you follow these steps carefully because some steps build up on each other and that will help you a great deal to set up your website properly:

1. **How to set up a static front page in WordPress?**
2. **How to upload, install and activate Social Charity Pro?**
3. **What is a page and how to create it?**
4. **What is the category and how to create it?**
5. **How to create menus?**
6. **How & where to place widgets on your website?**
7. **How to create posts?**
8. **How to add logo, header image and site title/tagline?**
9. **How to adjust options & layout?**
10. **How to add google map in contact page?**

1 – How to set up a static front page in WordPress?

In order to create a **Social Charity pro** like front page like shown in the theme demos for **Social Charity Pro**,

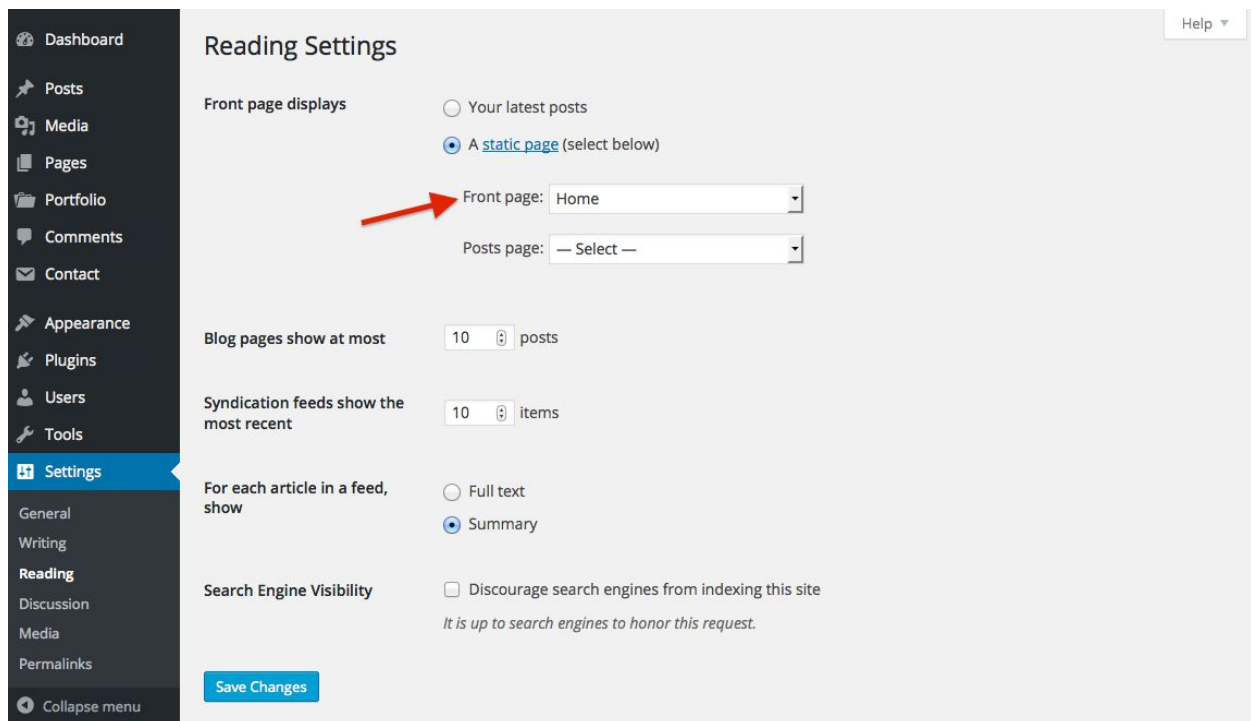

- First to create a new page named Home(or else) .
- Select Homepage template for your just newly created page under Page Attributes on the right side.

- Finally, publish this page.

The screenshot shows the WordPress 'Add New Page' editor interface. The left sidebar contains navigation options like Dashboard, Jetpack, Posts, Media, Pages, All Pages, Add New, Comments, Appearance, Plugins, Users, Tools, Settings, SG Optimizer, and Collapse menu. The main content area has a title field with the placeholder 'Enter title here' and a red instruction 'Enter page name for Front Template'. Below the title field is an 'Add Media' button and a rich text editor with a 'Paragraph' block selected. The editor contains the text 'Leave Empty this section'. The right sidebar shows the 'Publish' section with buttons for 'Save Draft', 'Preview', and 'Publish'. Below this is the 'Page Attributes' section, which includes a 'Parent' dropdown set to '(no parent)' and a 'Template' dropdown menu. The 'Template' dropdown is open, showing options: 'Default Template', 'Front Page', 'Fullwidth page', and 'No Featured Image'. A red box highlights the 'Front Page' option, and a red arrow points to it with the text 'Select front page from dropdown'. Another red arrow points to the 'Publish' button with the text 'Finally, click publish'.

- Second, go to **Settings => Reading** in your WordPress dashboard.
- Select A static page and select your just created new page Home as *Front page*.

Note:- Don't forget to save your changes

2 – How to upload, install and activate Social Charity Pro?

From WordPress Dashboard

- Login to Wordpress admin panel
- Go to > **Appearance > Themes**
- Click in **add New >Upload social-charity-pro.zip file > Install Now**
- **Activate the theme**

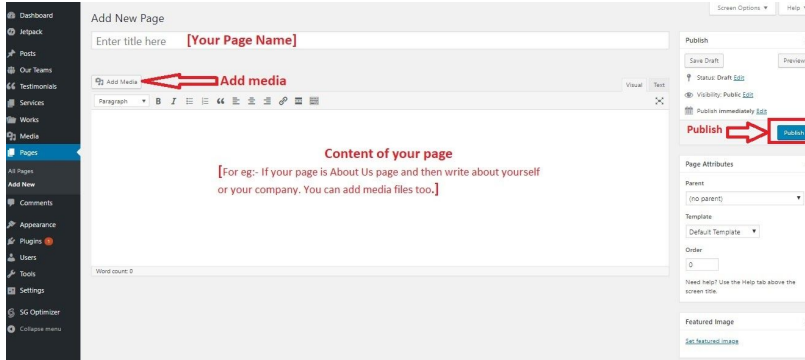

After installing the theme, now you can customize your website as per your preference.

3 –What is a page and how to create it?

Pages are static and are not listed by date. Pages do not use tags or categories. An about page is the classic example. Pages can be displayed in the sidebar using the Pages widget, and some themes display pages in the navigation at the top of the site.

-To create page

- Go to dashboard
- Click in **Pages > Add New > Follow instructions as below**

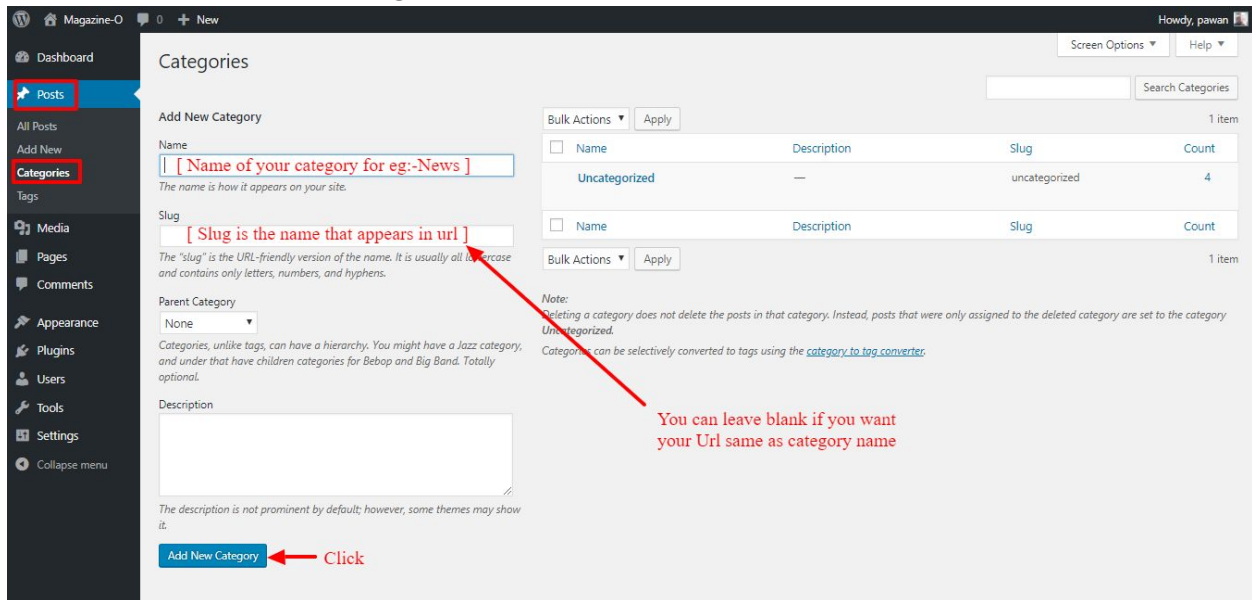

- After adding all content, you can publish your page and create necessary pages by the same method.

4 – What is the category and how to create it?

Categories provide a helpful way to group related posts together, and to quickly tell readers what a post is about. Categories also make it easier for people to find your content. Categories are similar to, but broader than, tags.

How to create categories

- Go to dashboard
- Click in **Posts > Categories**

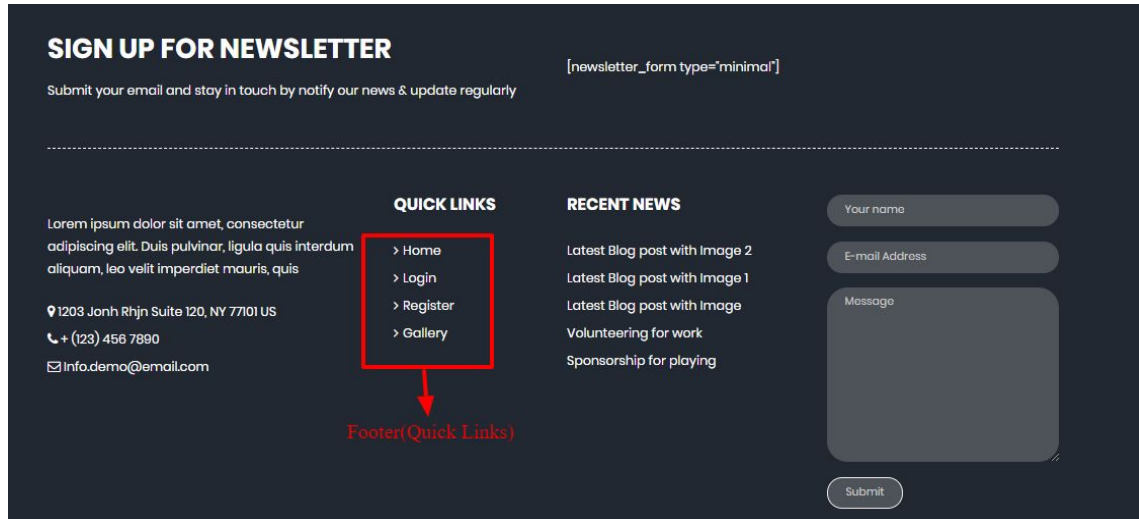

- You can put your own slug too, most of the time it is left blank which means name of the category itself will be its slug.
- [For eg. yoursite.com/category/category_name]
- You can put description if you want.
- Now after adding category, your category will appear in right side of the post page.

- You can add more categories in same manner.

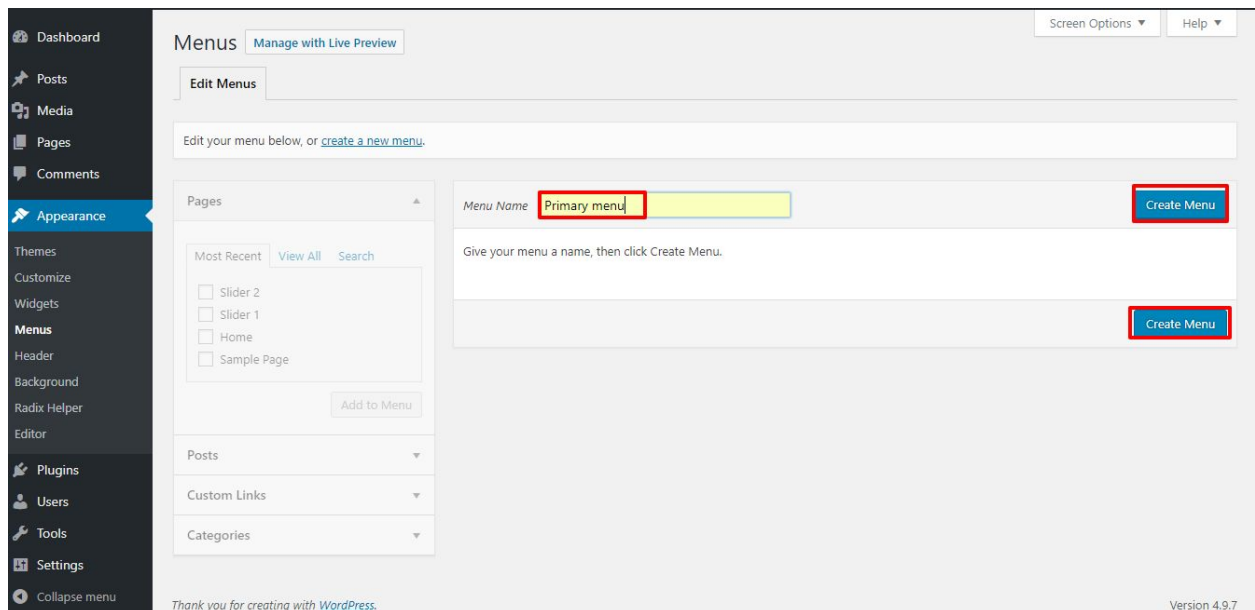

5 – How to create menus?

This theme comes with two menu locations. **Primary & Footer(Quick Links)**

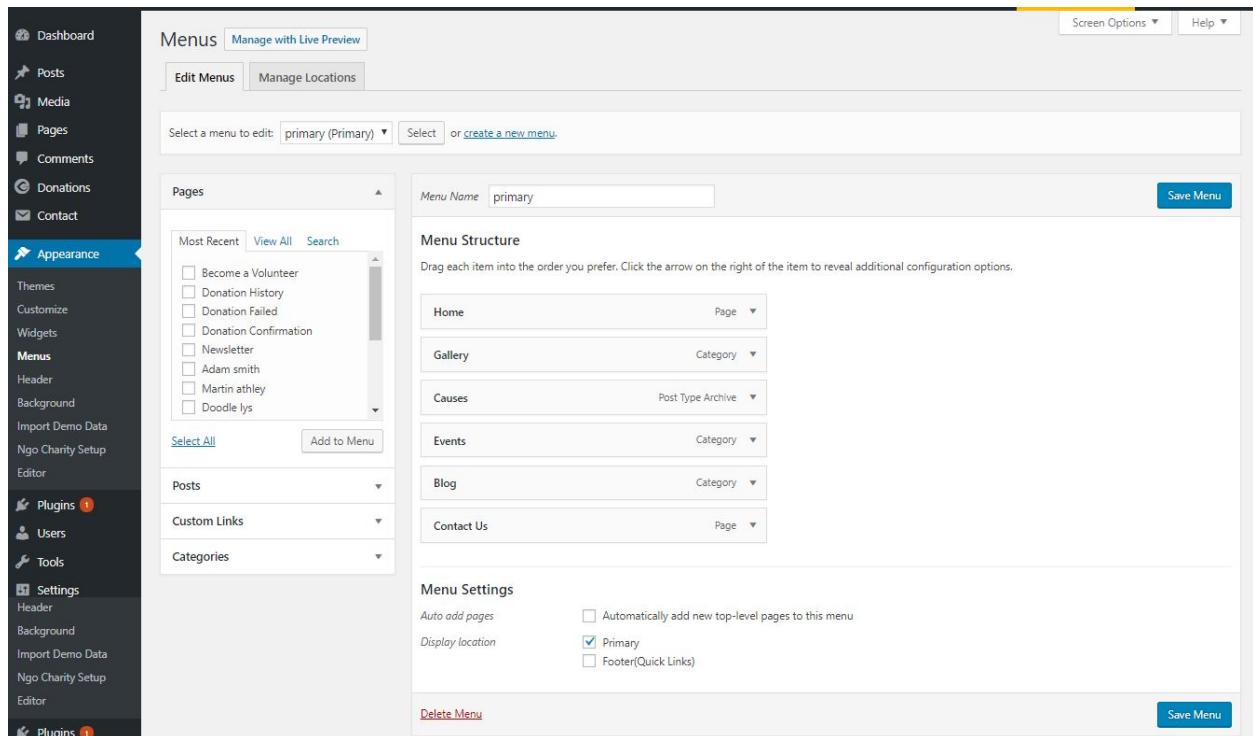

You can create menus in **two ways**.

- **Appearance=>Customize=>Menu=>Create New Menu**
- **Appearance => Menu**(We **RECOMMENDED** this Option for creating menus.)

- **Create New Menu** [You need to create only one menu]
- Give name of the menu[For eg. Primary Menu] > **Create Menu**

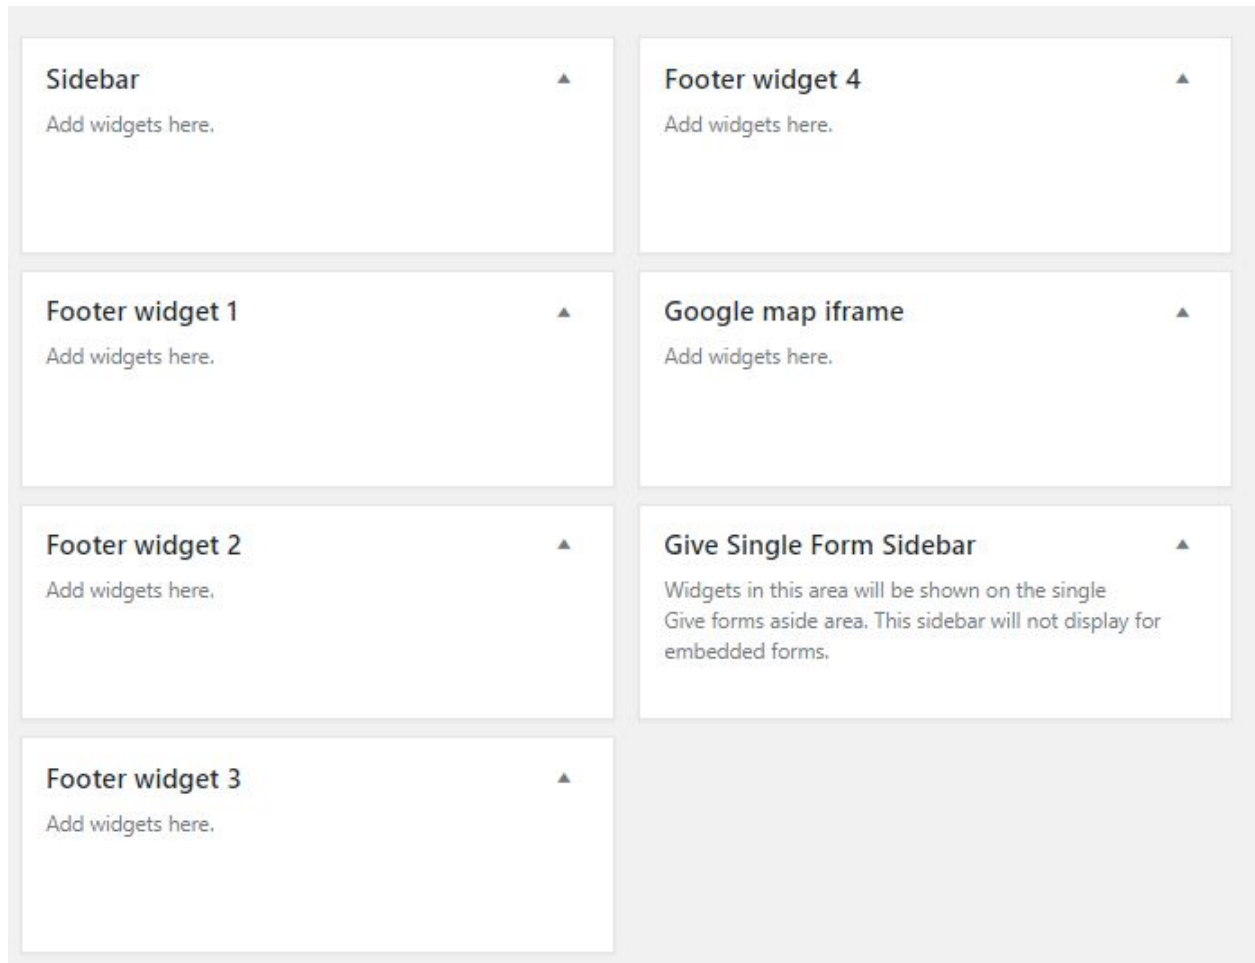

6 - How & where to place widgets on your website?

In this important step, we will show you where and how to place widgets. You can place widgets either through two ways:-

- **Appearance => Widgets**(We **RECOMMENDED** this Option for widget add in widget area.)
- **Appearance => Customize => Widgets**

Note:- Widgets can be placed simply via drag and drop, so just pull your favored widget to the widget area you like.

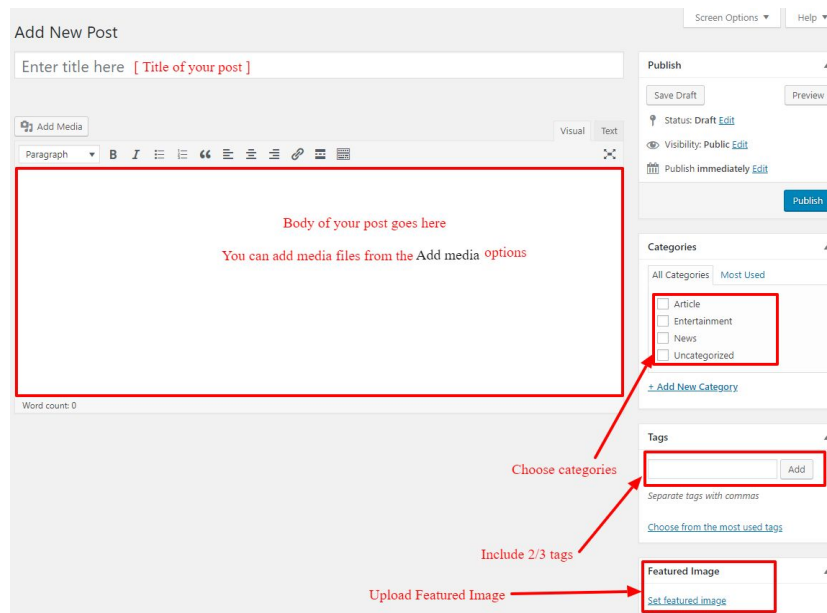

Here you can see the **Available widgets** areas of **Social Charity Pro** WordPress Theme.
